Staff and Student machines will automatically pop-up with a webpage asking you to register for the SRUC password system. It will not disappear until you have registered.

The pop-up will look like this:

You can register at anytime from anywhere by going to www.sruc.ac.uk/passwordreset and choosing the Set or Change your Security Question option.
Registering your answers:

1. You will be asked to provide answers to 5 security questions out of a possible 10.
2. Each answer must contain at least four characters.
3. No two answers may be the same.

4. You will be asked for a personal email address in order to verify any password reset requests.

Should you have any queries, please contact the IS Service Desk on 0131 535 4444.
