LOOKING BACK TO THE FUTURE

DIG FOR...

DIG FOR

VICTORY

SRUC
WELCOME TO OUR GARDEN!

Inspired by the “grow your own” ethos of the Second World War, our contemporary Victory Garden celebrates a love of gardening that has been passed from generation to generation.

Colourful flowers and heritage plants have been mixed with medicinal herbs and delicious vegetables. By reusing and recycling where possible, we have created a sustainable, useful and beautiful front garden.

Look out for our Anderson shelter and its living roof, have a quiet seat beside our small pond or wander down our log slice path and take in the blend of colours, scents and textures all around.

This garden has been designed by students from SRUC Elmwood’s HNC in Horticulture.

PLEASE EXPLORE AND ENJOY!

Courses at Scotland’s Rural College
Horticulture, Landscape & Garden Design

SRUC offers horticultural courses to suit a variety of interests, previous experience and qualifications, at locations in central Edinburgh and Glasgow, as well as Oatridge and Elmwood Campuses. Courses include:
