GENERAL INFORMATION

1. All students undertaking programmes of study at SRUC are required annually to pay tuition fees, though many students will have this paid for them.
2. The tuition fees overleaf are those payable by students for Session 2022/23. Tuition fees are subject to periodic review and are likely to increase for Session 2023/24 and for subsequent years, though students incurring a charge for fees will remain on the fee rate incurred when they commenced their current qualification.
3. Prior to registration students must **either** provide satisfactory evidence that they hold a grant or award from which the fees will be paid **or** pay the fees due (or set up a bank mandate for the payment of the fees).
4. The tuition fee is for matriculation and enrolment, for tuition and for assessment/examination appropriate to the programme.
5. No degrees, diplomas, or certificates will be awarded, and no confirmation of achievement, references which refer to achievement, or transcripts will be provided to students where there are outstanding tuition fees or other sums owed to SRUC.
6. SRUC has a Student Fees Payment and Debt Management Policy with explanatory guidance for students. Students are required to sign to indicate their adherence to the Policy's requirements at enrolment each year of study.
