## GENERAL INFORMATION

1. All students undertaking programmes of study at SRUC are required annually to pay tuition fees, though many students will have this paid for them.
2. The tuition fees overleaf are those payable by students for Session 2026/27. Tuition fees are subject to periodic review and are likely to increase for Session 2027/28 and for subsequent years, though students incurring a charge for fees will remain on the fee rate incurred when they commenced their current qualification.
3. Prior to registration students must **either** provide satisfactory evidence that they hold a grant or award from which the fees will be paid **or** pay the fees due (or set up a bank mandate for the payment of the fees).
4. The tuition fee is for matriculation and enrolment, for tuition and for assessment/examination appropriate to the programme.
5. No degrees, diplomas, or certificates will be awarded, and no confirmation of achievement, references which refer to achievement, or transcripts will be provided to students where there are outstanding tuition fees or other sums owed to SRUC.
6. Self-funding students, or their sponsor, will be invoiced between October and January of the Academic Year. For those that require an earlier invoice, please contact [Registry@sruc.ac.uk](mailto:Registry@sruc.ac.uk)
7. SRUC has a Student Fees Payment and Debt Management Policy with explanatory guidance for students. Students are required to sign to indicate their adherence to the Policy's requirements at enrolment each year of study.

## **SRUC Tuition Fee – Charges and Refunds**

Tuition fee charges and refunds for students who are not sponsored by SAAS (Scotland), Student Finance England, Wales or Northern Ireland will be processed using the following criteria:

### **Courses that follow semesters:**

- Withdraws within 3 weeks from start of course – no tuition fee payable
- Withdraws after week 3 in first semester – fee charged will be 50% of the total tuition fee payable for that academic session
- Withdraws in second semester – the full tuition fee for the academic session will be charged

### **Courses that follow terms:**

- Withdraws within 3 weeks from start of course – no tuition fee payable
- Withdraws after week 3 but within 14 weeks from start of course – fee charged will be 50% of the total tuition fee payable for that academic session
- Withdraws after 14 weeks from start of course – the full tuition fee for the academic session will be charged

If the full tuition fee has been paid up front then the student will receive a refund based on the above criteria.

**NB if you are a late start, the above terms will apply on the date you start your course.**

Note: International students who are eligible for reimbursement of fees will only receive the refund when the visa sponsorship paperwork has been completed and we have obtained information indicating that they have left the country. In cases of fraudulent documentation, falsified information, or deliberate misrepresentation by the student, SRUC reserve the right to withhold any tuition fees already paid, including the deposit.
